

FRIENDS OF LINGSHED

Bildungsprojekt im Himalaya

Since 1.1.1998, the association FRIENDS OF LINGSHED has been organizing sponsorships for school children and college students in Ladakh.

It is our aim to enable children and young people from Lingshed or from other remote villages in Ladakh to receive a good school education. With our and your backing, they can attend a secondary school and will thus be enabled to go on studying at the university level. It is important that they will return to their villages and actively contribute their services for the improvement of the living conditions in their home village, e.g. as teachers, medical doctors, nurses...

There are four types of sponsoring:

The sponsoring money is collected for a whole year and covers school attendance, teaching materials, school-uniform and tutoring. All the children come from a very poor background. During the school-year, they either live with their parents/relatives or at a boarding school.

- **Students** at the Moravian Mission School (from 5 to 18 years) in Leh/Matho. These children come from all over Ladakh: Euro 120,- per year.
- **Youth** at the secondary school in Khaltse (from 12 to 18 years) from the area around Lingshed: Euro 120,- per year.
- **Children of "low castes"** (children of the lowest social group, 5 to 18 years) at „Shesrab“ boarding school near Leh: Euro 240,- per year.
- **College students** (alumnae from Khaltse) in Leh or Jammu: Euro 360,- per year.

Your donations will exclusively be spent for the sponsorships!
